

Don Fineran Scholarship

Don Fineran served as the State Math Specialist for the Oregon Department of Education for 17½ years. During his tenure, his influence, guidance, and contributions to the Oregon math community were strongly felt and enormously appreciated. An example of Don's significant contributions was the creation and fostering of the Oregon Math Leaders Conference. His vision for supporting math teachers continues today through this scholarship fund established in his name and used by recipients to attend regional or national mathematics conferences.

Current OCTM members are invited to apply for a scholarship to attend this conference. OCTM is prepared to partner with you for a portion of the expenses incurred.

- The number of scholarships awarded are dependent on the number of approved applications and availability of funds;
- Awardees must be OCTM members;
- Priority is given to first-time applicants.
